

PARENT ADVICE SHEET – 12 months

All the common conditions following immunisations are usually mild and do not last long and treatment is not usually needed.

If the condition following immunisation is severe, or if you are worried about your child's condition, please ring our practice on 4961 1713.

If it is after hours, please contact 13 SICK on 13 7425.

Commonly seen conditions following immunisation at 12 months are:

- ❖ Mild temperature (below 38.5⁰C)
- ❖ Generally unhappy for 24 hours (irritable and grumpy)
- ❖ Sleepiness
- ❖ Faint rash (not infectious)
- ❖ Head cold and/or runny nose
- ❖ Cough and/or puffy eyes
- ❖ Swelling of glands in the mouth **may** happen approximately 3 weeks after immunisation
