

PARENT ADVICE SHEET – 6 months

All the common conditions following immunisations are usually mild and do not last long and treatment is not usually needed.

If the condition following immunisation is severe, or if you are worried about your child's condition, please ring our practice on 4961 1713.

If it is after hours, please contact 13 SICK on 13 7425.

Commonly seen conditions following immunisation at 6months are:

- ❖ Mild temperature (below 38.5⁰C)
- ❖ Redness and soreness at the injection site
